Report : InfoSnap Poster Competition and Exhibition

Introduction-

Engineers' Day is celebrated every year on 15th September in India to honor the birth anniversary of Bharat Ratna Sir Mokshagundam Visvesvaraya, one of the nation's greatest engineers and visionaries. To mark this occasion, the EESA Committee of YBIT, under the guidance of Prof. Siddesh Sawant and Prof. Suraj Acharekar (Head of the Electrical Department) with the support of Lab Assistant Dattaprasad Sawant, organized a Poster Competition and Exhibition titled "Infosnap" on 15th September 2025. The event aimed to encourage students to showcase their technical knowledge, creativity, and innovative ideas through posters on various engineering themes. It also provided a platform to enhance presentation and communication skills, while fostering an environment of knowledge sharing and academic interaction among students. The exhibition that followed allowed participants to display their work, offering a meaningful experience to both the creators and the viewers.

Objective of Conduction-

The primary objective of conducting the poster competition and exhibition "**Infosnap**" was to celebrate Engineers' Day by providing a platform for students to express their innovative ideas and technical concepts creatively. The event aimed to encourage participants to explore current engineering challenges and solutions, while enhancing their ability to present information visually and effectively. It was also designed to promote teamwork, creativity, and communication skills among students. Additionally, the exhibition sought to create an environment of knowledge sharing, where students and faculty could engage with diverse technical themes and appreciate the role of engineers in shaping society.

Brief Description -

The poster competition and exhibition "**Infosnap**" was organized on 15th September 2025 by the EESA Committee of YBIT to celebrate Engineers' Day. Students presented posters on various engineering themes, showcasing creativity and technical knowledge. The event included an exhibition of all posters, promoting knowledge sharing and engagement among students and faculty. Certificates were awarded to winners and participants, making the event both informative and inspiring.

Outcomes of event-

The “Infosnap” poster competition and exhibition successfully encouraged students to showcase their creativity and technical knowledge. Participants gained confidence in presenting innovative ideas, while the exhibition promoted knowledge sharing among different departments. The event highlighted the importance of Engineering Innovations, fostered teamwork and communication skills, and created an engaging academic environment that inspired students to think critically about engineering solutions for real-world challenges.
